## OUR LEGACY

In 1884, Karl Elsener opened his cutlery workshop in Ibach, Switzerland. In 1891, he obtained the first contract to supply the Swiss Army with a "Soldier's Knife." Six years later, he invented the "Swiss Officer's Knife" which was officially registered on June 12, 1897. ## MAINTENANCE

Extend each implement halfway, then apply a few drops of oil at the base of that implement. For blades that do not move easily, open and close a few times in warm water, then dry and oil. This care will ensure a lifetime of faithful service.
