OUR LEGACY

In 1884, Karl Elsener opened his cutlery workshop in Ibach, Switzerland. In 1891, he obtained the first contract to supply the Swiss Army with a "Soldier's Knife." Six years later, he invented the "Swiss Officer's Knife" which was officially registered on June 12, 1897. Since that time, the Victorinox Original Swiss Army Knife has become well-known in more than 100 countries for precision, quality, functionality and versatility.
